

2020 CSC Theme and Keynote

We are excited to announce the 2020 conference theme: A Livable World: Partnerships in Creation, Justice, Wellness & Economy. Save the dates and join us June 3-5, 2020 when the CSC returns to Lipscomb University in Nashville. We will examine the intersections of creation, justice, wellness and economy as speakers and participants explore what makes our world livable.

Our keynote speaker for the 2020 conference will be **Katharine Hayhoe**. Hayhoe (pictured below) is an atmospheric scientist whose research focuses on understanding what climate change means for people and the places where we live. She is a professor at Texas Tech University, hosts the PBS digital series *Global Weirding: Climate, Politics and Religion*, and has been named one of TIME's 100 Most Influential People and *Fortune's* 50 World's Greatest Leaders.

Director's Comments

Hayhoe is an atmospheric scientist who studies one of the most pressing issues facing humanity today, **but** she may be best known because of how she's bridging the broad, deep gap between scientists and Christians—work she does in part because she's a Christian herself. She's been named by *Christianity Today* as one of their 50 Women to Watch. She has served as a lead author for the Second, Third, and Fourth U.S. National Climate Assessments. She has also received the National Center for Science Education's Friend of the Planet award, the American Geophysical Union's Climate Communication Prize, the Sierra Club's Distinguished Service award, and the Stephen H. Schneider Climate Communication Award.

She alone is reason to mark your calendar for June 3 – 5, 2020.
